The boar !? You took my brother hunting a boar!? Are you mad !?

Arthur :

We're losing him, stop arguing and find a solution...

You couldn't help disobeying me, right? Was it too hard for you to take an order from a highborn?

Mélie :

An order !? Our princess is giving us orders now, open your eyes, Hugo is completely stuck in this life of flight, and out of fear, I thought that giving him a few minutes of pleasure could help him stop thinking about everything that is happening to us.

Amicia :

You're unconscious, Hugo didn't grow up on the streets like you, he had a family!

Mélie and Amicia start to fight together and Arthur is trying to stop her. Suddenly Hugo gets up and tries to calm them down, but he collapses, forcing Amicia to stop. Amicia picks up Hugo who just fell to the ground.
