

Declaration of CE Marking Exemption Certificate under Construction Products Regulation 2011

We declare that MeasurIT Technologies Ltd., Tideflex distributor EU and UK , are not concerned by CE marking under [Regulation \(EU\) No 305/2011](#)

This statement applies to the following products:

Tideflex valves TF-1, TF-2, Series 35D, Series 35, Series 35-1, TFA; TF2M, GuvNu and R7F variants

Checkmate valves, all models

(EN 13564-2:2002 Anti-flooding devices for buildings is a relevant standard for NRV sizes 80-200mm inside a building. These valves are not sold for this service as described in this standard)

Basis: VDMA position paper (Verband Deutscher Maschinen- und Anlagenbau e.V. (German Engineering Federation) attached

“No harmonised standards, currently exist in this sector.. A common or umbrella standard is currently being developed to change this. It is intended to harmonise differing standards and set uniform standards.

CE marking of sanitary and building valves will not be permitted and the creation of a performance declaration not required until this is in place.”

Signed

MARK RADFORD
