

The Kai Malu

Where stillness meets soul.

Calm. Peaceful. Grace.

The Kai Malu is a Hawaiian phrase meaning “the peaceful sea.” It evokes imagery of gentle tides, hidden coves, and sacred stillness – a world away from the noise, yet deeply connected to nature. This floor plan is designed for those seeking calm within the chaos – a place to retreat, reflect, and reconnect.

The Kai Malu is a soulful home – intimate yet expansive, built around the idea that sanctuary can be both grounded and fluid. It speaks to those who value intentional living, soft transitions, and the quiet luxury of design that feels like a breath of fresh air.
