VERKEHRSRUNDSCHAU
The magazine for haulage, transport and logistics

www.verkehrsrundschau.de

WHAT DOES VERKEHRSRUNDSCHAU OFFER?

The VerkehrsRundschau is one of the most important magazines for haulage, transport and logistics. Every other Friday, VerkehrsRundschau reports in its print issue about logistics, transport industry, politics, legislation and taxes, management, markets, enterprises, IT and communication, as well as warehousing and handling.

In addition, periodical specials are published focusing on particularly relevant topics. The editorial range is completed by information about new technical developments, independent vehicle tests and service information for the day-to-day business.

Due to the professional collaboration with associations, politics and other relevant organisations on one hand and its independence as its highest asset on the other hand, the VerkehrsRundschau is the ideal platform for knowledge transfer at highest level.

The brand VerkehrsRundschau combines the trade magazine with contemporary internet offers, specialist congresses and numerous special products.
