

# Points of Distinction

## Fewer Guests On Board

Overall we welcome fewer guests on board our award-winning river cruise ships. With an average of just 156 guests on board, we are able to offer the luxury of space with larger staterooms and suites (up to 710 sq. ft. on *AmaMagna*), spacious common areas and libraries, and can comfortably fit every single guest in our Main Lounge at the same time.

## Our Food is Always Fresh and Always Included

Our fish is freshly caught, and all breads and pastries are baked fresh on board each day. Our fruits and vegetables are all locally sourced. All meals are included on board, including The Chef's Table specialty restaurant, and our cuisine features locally sourced ingredients, enabling guests to taste exquisite authentic regional dishes, highlighted by our memberships in *La Chaîne des Rôtisseurs* and *Tables et Auberges de France*.

## Sip and Savor – With Our Compliments

Unlimited regional wines are thoughtfully selected to enhance the dining, with sparkling wine available at breakfast, a different red and white poured each day, premium beer options, and a Sip & Sail cocktail hour just before dinner, all included in your river cruise fare.

## Generous Amenities and All Excursions Included – Choose From Up to Seven or More Each Day

Be pampered on board with everything you need and more: sun-deck pools or whirlpools, host-led wellness activities, fitness room, spa facilities, 24-hour coffee and tea station, and innovations such as *AmaMagna's* pickleball court. On shore, participate in exhilarating guided hikes and bike tours at different lengths and experience levels, enriching city tours offered at three activity levels, culinary demonstrations, wine tastings and excursions for late risers, all operated in small groups. During each excursion and at each activity level, guests will have a unique experience in port.

## Cruise Managers Who Take Care of You Throughout Your Cruise and Land Journey

Not only do our passionate Cruise Managers go above and beyond to ensure you have a memorable experience, they accompany you throughout your river cruise and during any pre- and post-cruise land packages you may reserve. In addition, many of our Cruise Managers hail from the regions we cruise through, which is unique in the industry.

## Innovation and Sustainability

Staying at the pulse of travel trends, we were the first river cruise line to offer a fleet of bicycles on board and will make history with the industry's first cruises along Colombia's Magdalena River in 2025. We are also committed to respecting the natural ecosystems we cruise through. To that end, we have significantly reduced single-use plastics on board, use LED lighting across the fleet, use energy-efficient engines and solar panels on *AmaMagna*, and 20 of our ships have earned the prestigious Green Award for industry-leading safety, quality and environmental performance.

## Leading the Way in Inclusivity and Diversity

We have received positive feedback from our Latin Touch cruises for Spanish speakers and our *Soulful Experiences* celebrating Black heritage and culture, and have been honored with awards for our efforts towards greater diversity, equity and inclusion in marketing. We also welcome guests of all ages on board.

## Favorable Payment Policies

**Full payment is not due until 90 days prior to departure**, ensuring you have plenty of time and flexibility to save for your long-awaited river cruise vacation.
