

# *Alliance Partner Program / USA*

## United Airlines alliance

Together we're making it easier to get to New Zealand.

---

Our alliance with United covers flights between mainland USA and New Zealand, including feeder flights within the US and New Zealand. The alliance is part of our strong Pacific Rim partner network, which includes Cathay Pacific, Singapore Airlines and Air China.

For our customers, it means easy access to more flights and more destinations.

Economy Skynest

# More choice than any other airline

AIR NEW ZEALAND 

## BUSINESS PREMIER LUXE

The best sleep in the sky. Our new offering is for customers looking for the ultimate space and privacy. A luxury experience with all the features of Business Premier, but with a fully closing door and space for two to dine.

## PREMIUM ECONOMY

For the treat-seekers looking for a little luxury to unwind and enjoy a taste of Aotearoa. Our new seat offers more privacy and protected space where you can recline at leisure without interrupting the person behind.

## ECONOMY STRETCH

It's all in the name. This seat is for those who want to rest and stretch their legs further than the regular Economy seat.

## ECONOMY SEAT

An enhanced economy seat designed with more storage and comfort and a 50% bigger screen for entertainment. Connect to Bluetooth audio and pair your device to act as a remote control or second screen.

## BUSINESS PREMIER

A comfortable and private nest for a blissful journey and tranquil sleep. And if travelling with a companion, the middle row allows customers to open their nest and share their experience.

## ECONOMY SKYNEST

It's time to swap the headrest for some bedrest. Say hello to the world's first sleep pods in the sky. Stretch out in one of six pods and catch some shut-eye. A game-changer for economy travellers.

## ECONOMY SKYCOUCH

Use the Skycouch the way you want. Sit, spread out, or lie down and snooze. Share the space or keep it all to yourself.

A STAR ALLIANCE MEMBER 

# *Business Premier Luxe™*

A photograph of an airplane cabin interior, specifically a Business Premier Luxe seat. The seat is upholstered in a light-colored, textured fabric and features a large, curved headrest. To the left of the seat is a storage bin containing headphones. The seat is positioned next to a window with a circular opening. The overall lighting is soft and warm, highlighting the comfort and luxury of the seating area.
