

Reposite is an industry-leading group-travel tool that simplifies the RFP and proposal process. By connecting advisors with suppliers through a database of supplier content and email integration, Reposite ensures stress-free sourcing, time-saving automation and revenue-boosting potential. GTC's partnership with Reposite delivers a versatile product that offers support and resources to meet the unique challenges of group travel, in special consideration of entertainment, corporate and educational travel. This collaboration creates valuable efficiencies by allowing advisors to collaborate with suppliers and clients in one place.
