

Brogan Casegoods

Brogan Casegoods feature decorative picture frame moulding and a strong selection of functional items, including non-handed components for modularity, that work in today's office, reception, and meeting environments.

Modular, non-handed units promote reconfigurability and create additional solutions for the private office.

Traditional-looking furniture has been adapted to meet modern demands, incorporating features such as adjustable height worksurfaces with tilt-out power and data centers.

Customize storage with glass, grille, or wood doors.
