Nurturing Connection And Care

Healthcare is constantly changing, presenting complex new challenges that demand innovative solutions. At JSI, we address these challenges by creating inspiring, adaptable spaces that empower compassionate care. By embracing a forward-thinking approach, leveraging purposeful design, and prioritizing innovations that foster connected care, we inspire individuals to love where they thrive, love where they care, and love where they heal.

Future-Focused

As care delivery evolves, healthcare spaces must keep pace. Combining our product expertise with your insight into patient and caregiver needs, we create adaptable environments that empower everyone. Our portfolio prioritizes flexibility, ensuring facilities can seamlessly respond to today's demands and tomorrow's unexpected challenges.

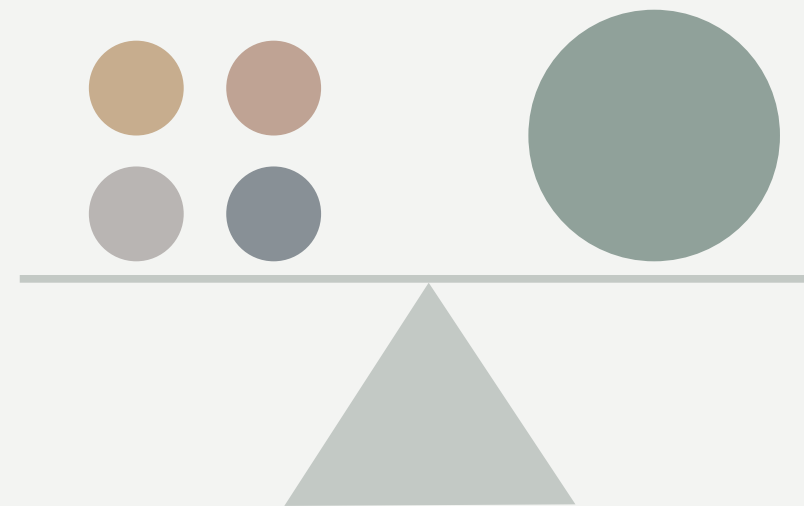

Designing Fluid Versus Fixed Spaces

Purposeful Design

Design should enhance user experience and create lasting value. We leverage design innovation, healthcare expertise, and bespoke capabilities to advance patient and caregiver well-being and maximize ROI. By prioritizing flexibility and responsiveness, our human-centered solutions streamline efficiency, adapt to change, and optimize comfort—while seamlessly aligning with your design vision.

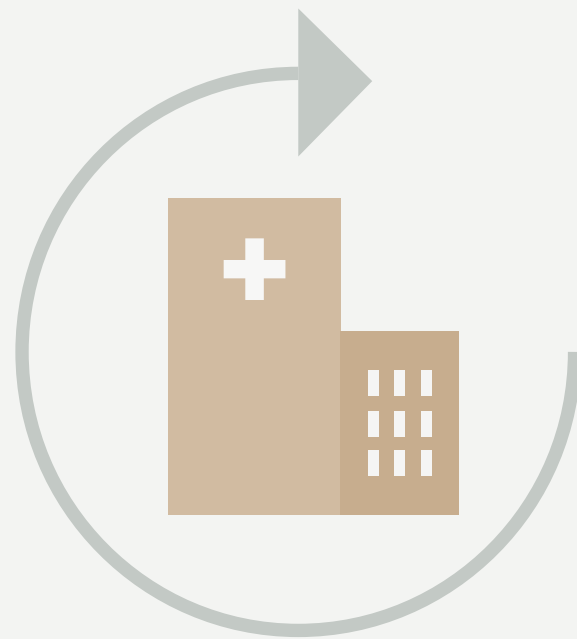

Balancing We Versus Me Comfort

Connected Care

Exceptional care thrives in environments that foster connection and belonging. Guided by your vision, we design calming, inclusive spaces that support every caregiver need and patient encounter. Addressing challenges like caregiver burnout and patient satisfaction, our integrated portfolio enhances care and encourages engagement throughout an entire facility—delivering better experiences for all.

Supporting Holistic Connected Care

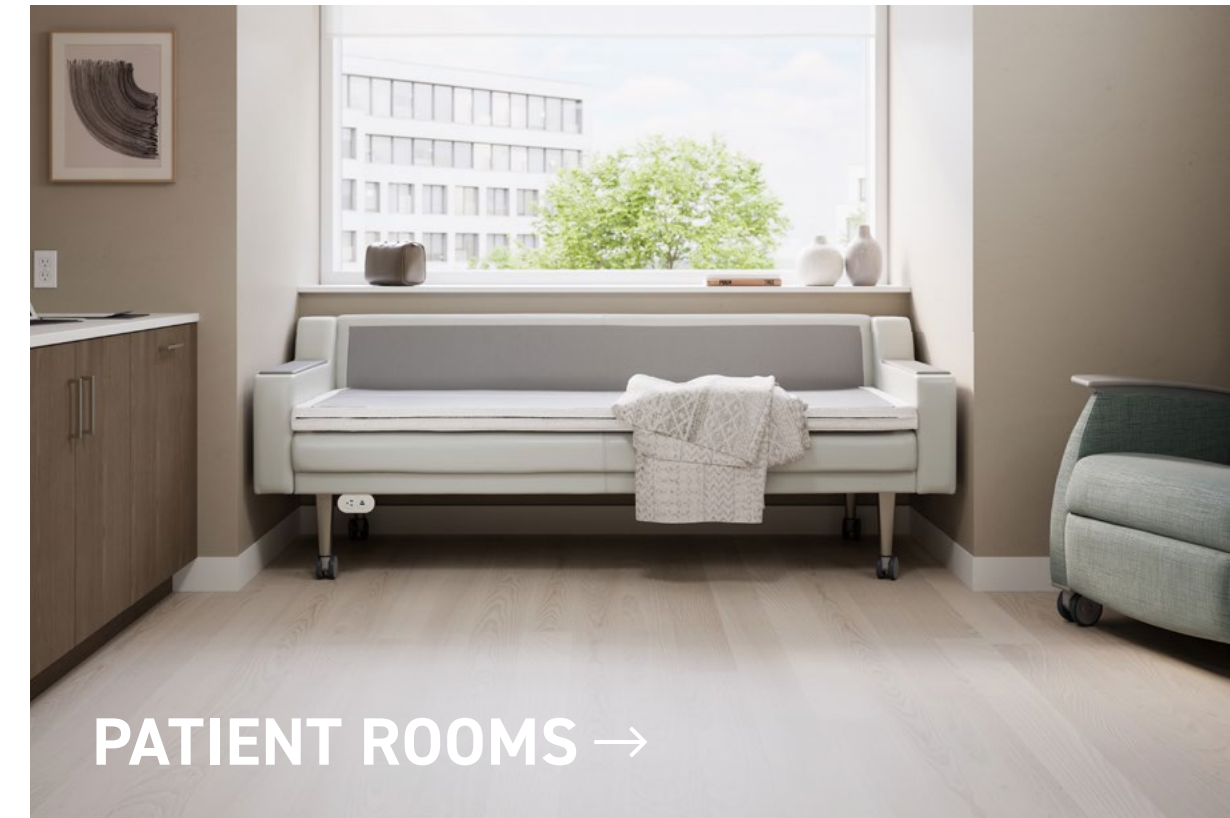

Patient Spaces

JSI Health redefines patient spaces with warmth and functionality. Our exam and treatment areas prioritize comfort, efficiency, and well-being, supporting patients and practitioners in a reassuring healing environment. Strategically placed furnishings and supportive seating enhance care and promote a sense of security and belonging.

TREATMENT AREAS →

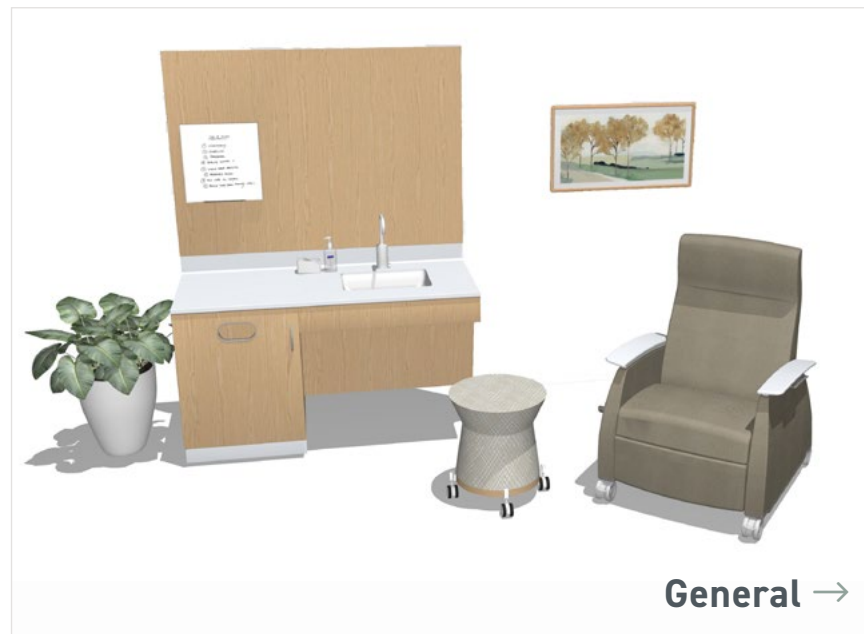

Exam Rooms

Exam rooms support a range of patient interactions, from in-person physical assessments to virtual consultations. Thoughtfully designed spaces enhance efficiency, privacy, and communication, ensuring seamless and inclusive care for diverse health needs.

19% of patients say exam room quality influences their experience of an outpatient visit.

Exam Rooms

General

Designed for routine check-ups and physical exams, these rooms should prioritize patient comfort and accessibility while supporting flexibility and interaction.

FEATURED PRODUCTS:

- 1 Forge Casework
- 2 Kindera Recliner
- 3 Collective Motion Stool

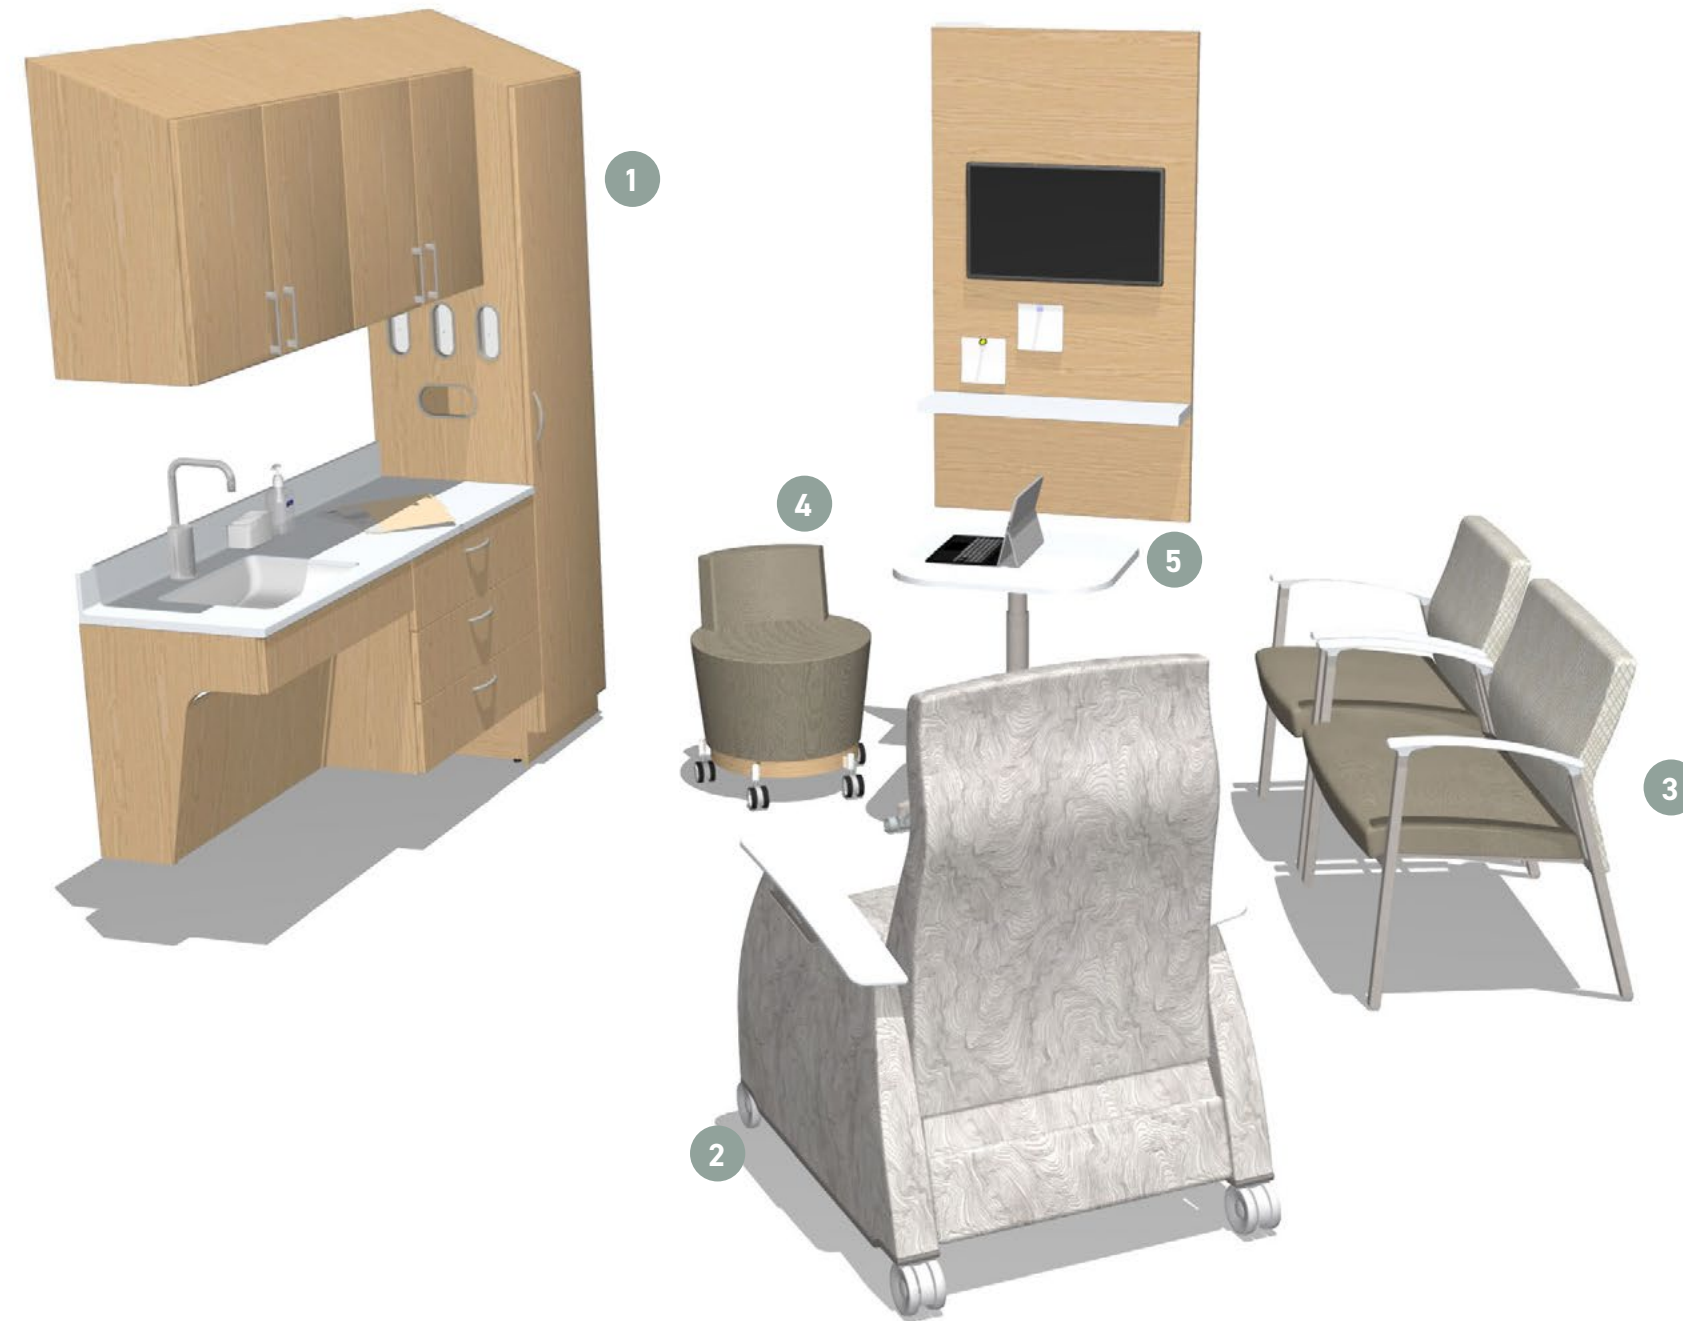

Exam Rooms

Consultation

Well-designed consultation rooms should incorporate comfortable seating for patients and family members, calming aesthetics to reduce anxiety, and purposeful layouts that enhance provider-patient interactions.

FEATURED PRODUCTS:

- 1 Forge Casework
- 2 Kindera Recliner
- 3 Satisse Chairs
- 4 Collective Motion Stool
- 5 Lok Table

Exam Rooms

Tele-Health

These technology-equipped spaces should be designed for seamless virtual consultations while maintaining flexibility to allow for needed adaptations that maximize efficiency.

FEATURED PRODUCTS:

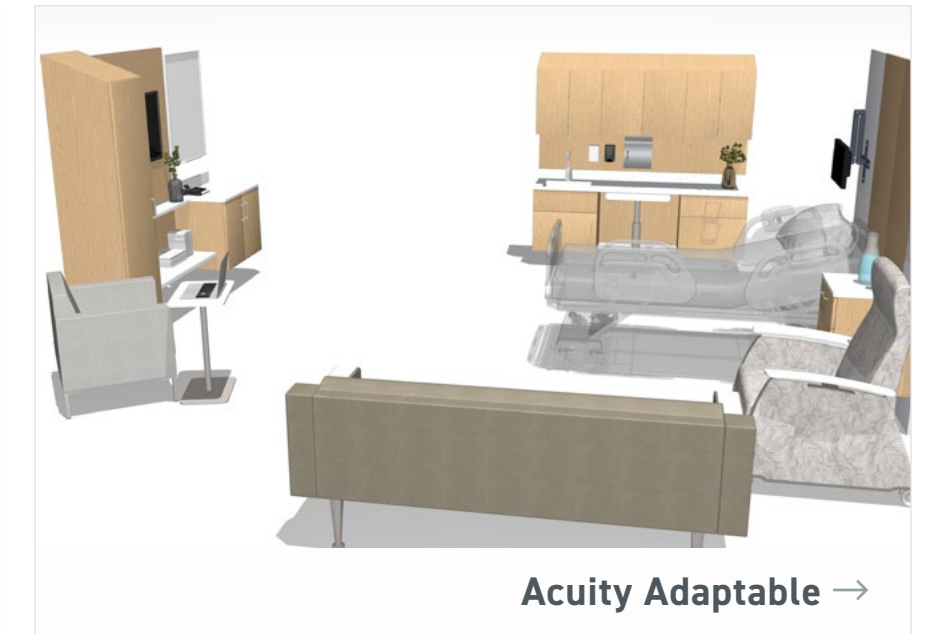

- 1 Proxy Sit-To-Stand
- 2 Vision Height-Adjustable Table
- 3 Vision Mobile Pedestal
- 4 Cosgrove Chair
- 5 Forge Casework
- 6 Nosh Table

Patient Rooms

Well-designed patient rooms balance comfort, efficiency, and support for patients, families, and caregivers. From acute care to outpatient settings, these environments promote healing while fostering collaboration and connection between all involved in the healing journey.

Patient Room

Acute

Thoughtfully designed acute care rooms prioritize efficient, active treatment while integrating dedicated zones for guests and family members to enhance patient support and recovery.

FEATURED PRODUCTS:

- 1 Kindera Recliner
- 2 Forge Casework
- 3 Somna Sleep Sofa
- 4 Copilot Table

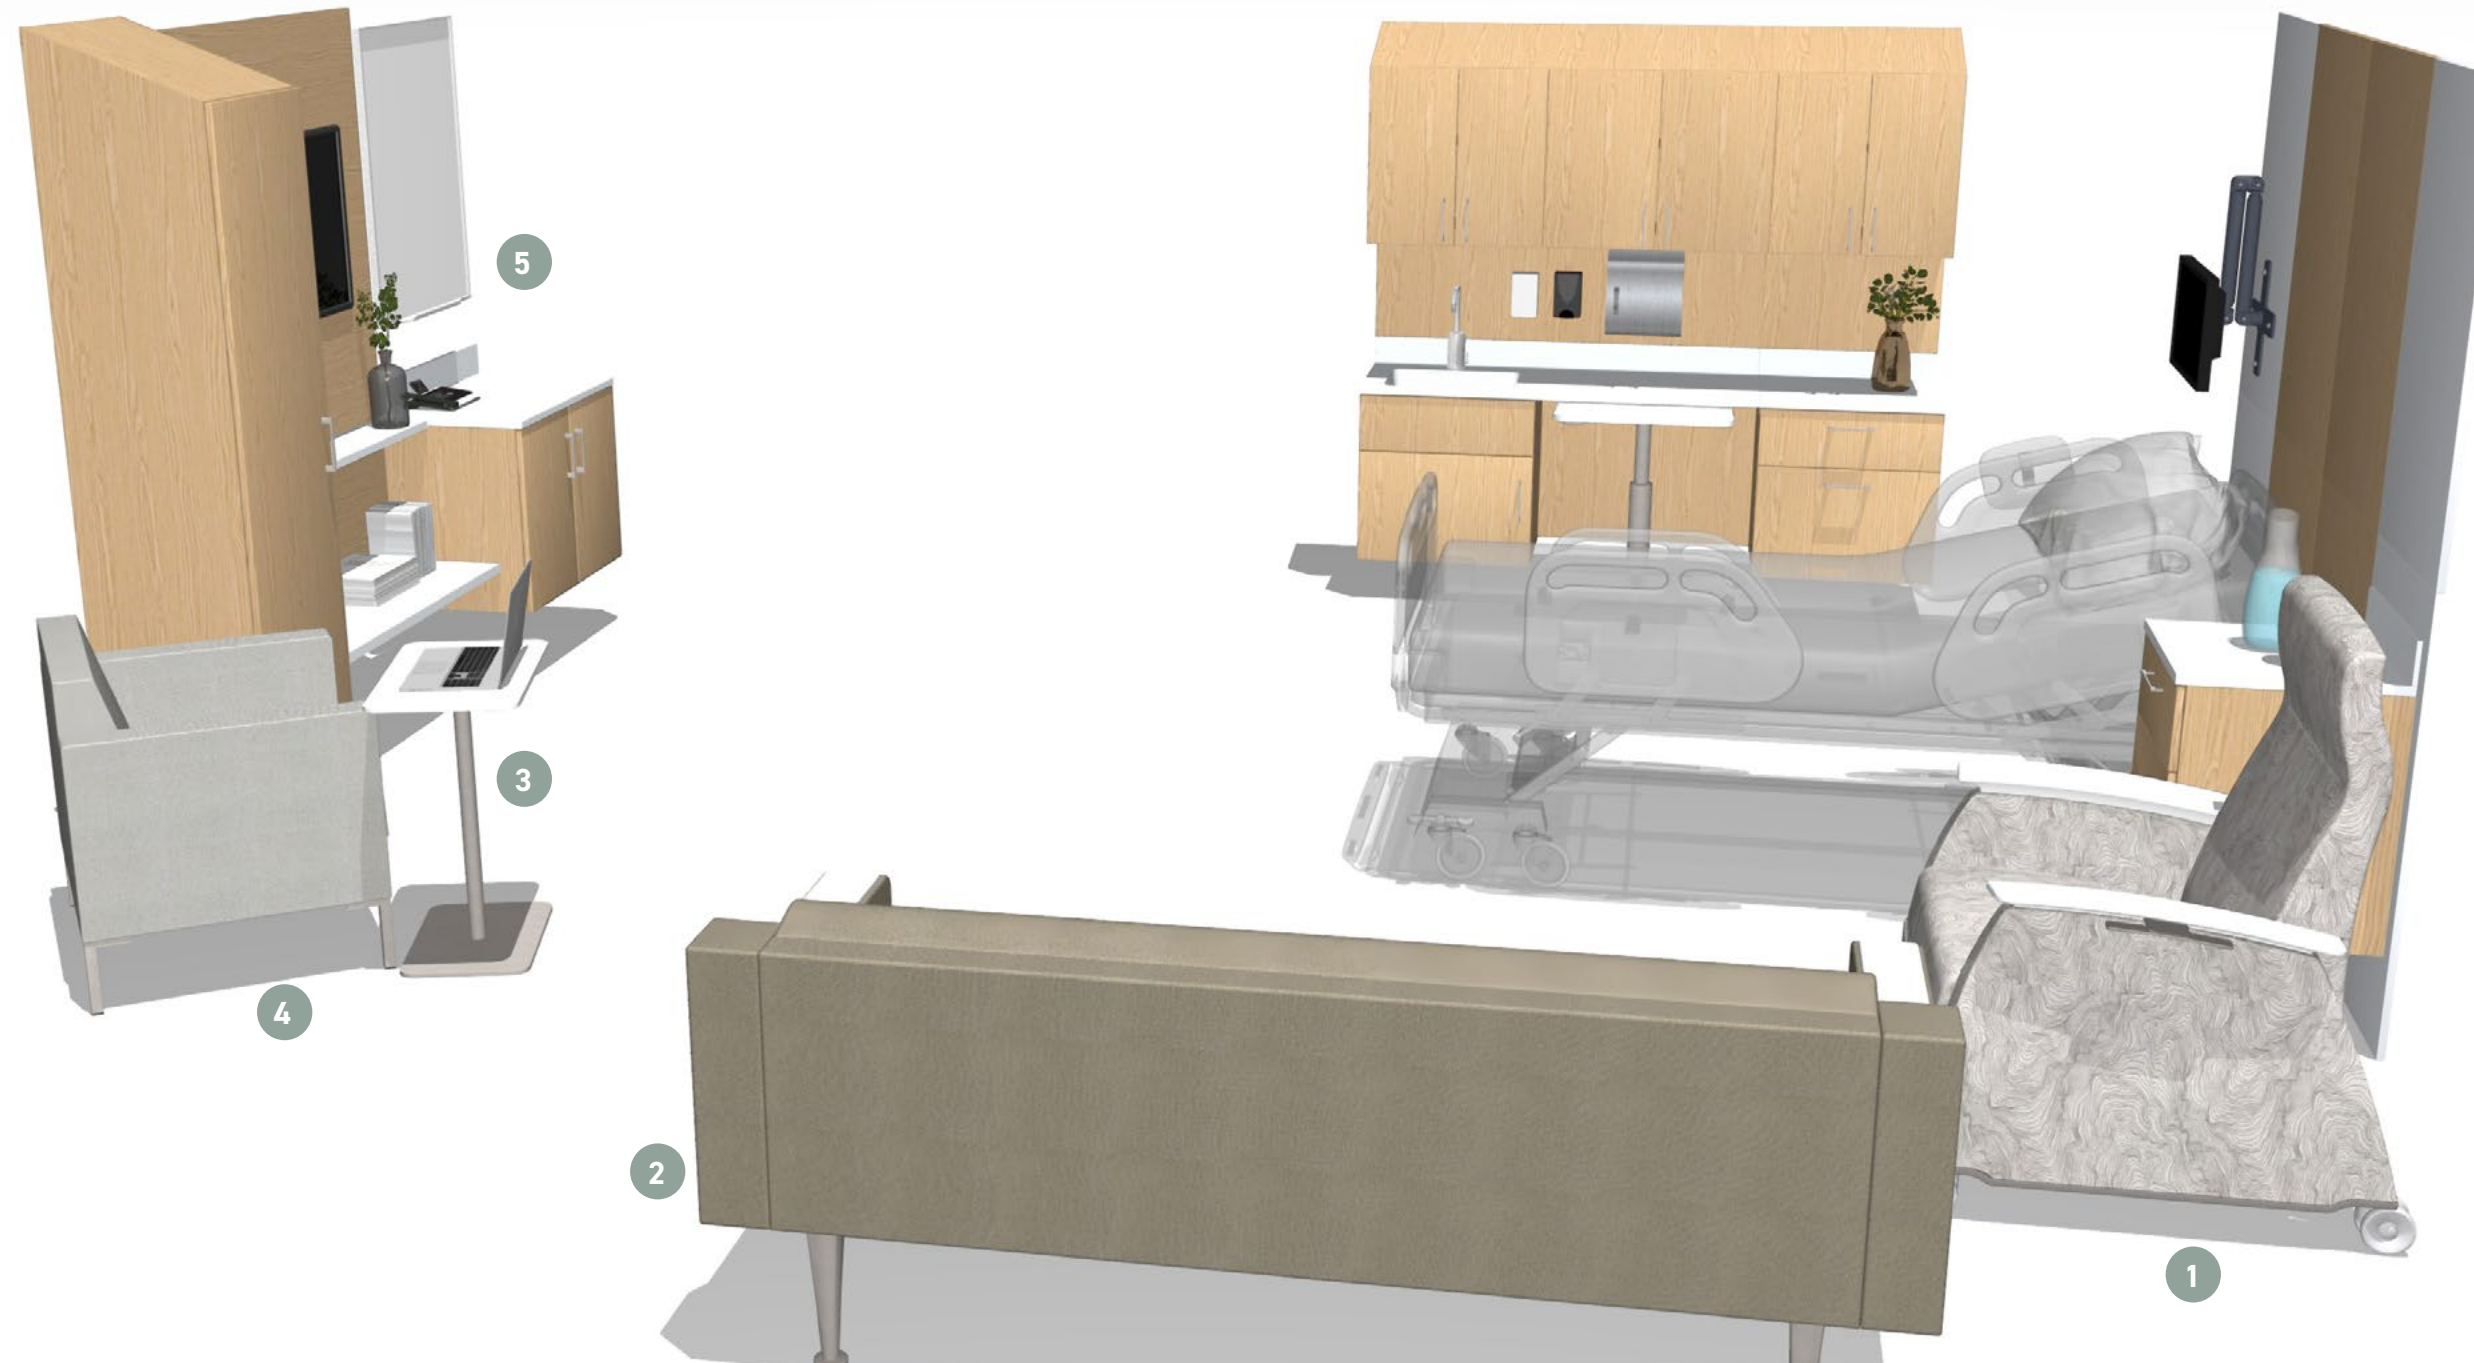

Patient Room

Acuity Adaptable

Acuity-adaptable rooms allow patients to remain in the same space as their medical needs evolve, enhancing safety, improving efficiency, and ensuring a seamless patient experience.

FEATURED PRODUCTS:

- 1 Kindera Recliner
- 2 Somna Sleep Sofa
- 3 Copilot Table
- 4 Teekan Lounge
- 5 Forge Casework

Patient Room

Specialty

Specialty patient rooms are thoughtfully designed to support specific medical needs, integrating specialized equipment, patient comfort, and collaborative care to enhance treatment and recovery.

FEATURED PRODUCTS:

- 1 Forge Casework
- 2 Arwyn Lounge
- 3 Somna Sleep Sofa
- 4 Copilot Table

Treatment Areas

Treatment rooms support a range of medical services, from routine care to specialized therapies like infusion. Prioritize comfort, safety, and emotional well-being in the design of these spaces to help patients feel at ease while receiving essential care.

Treatment Areas

Supportive

Designed to accommodate friends and family, this space encourages a reassuring presence during treatment to foster patient comfort and support.

FEATURED PRODUCTS:

- 1 Kindera Recliner
- 2 Poet Lounge
- 3 Forge Casework
- 4 Copilot Table

Treatment Areas

Private

Providing a quiet, inviting environment where patients can receive care, reflect, and rest in solitude supports privacy, dignity, and peace of mind.

FEATURED PRODUCTS:

- 1 Kindera Recliner
- 2 Moto Media Unit
- 3 Arwyn Table

Treatment Areas

Modular

Built for adaptability, modular treatment areas can easily scale or reconfigure to meet shifting care demands—maximizing space, efficiency, and resource use.

FEATURED PRODUCTS:

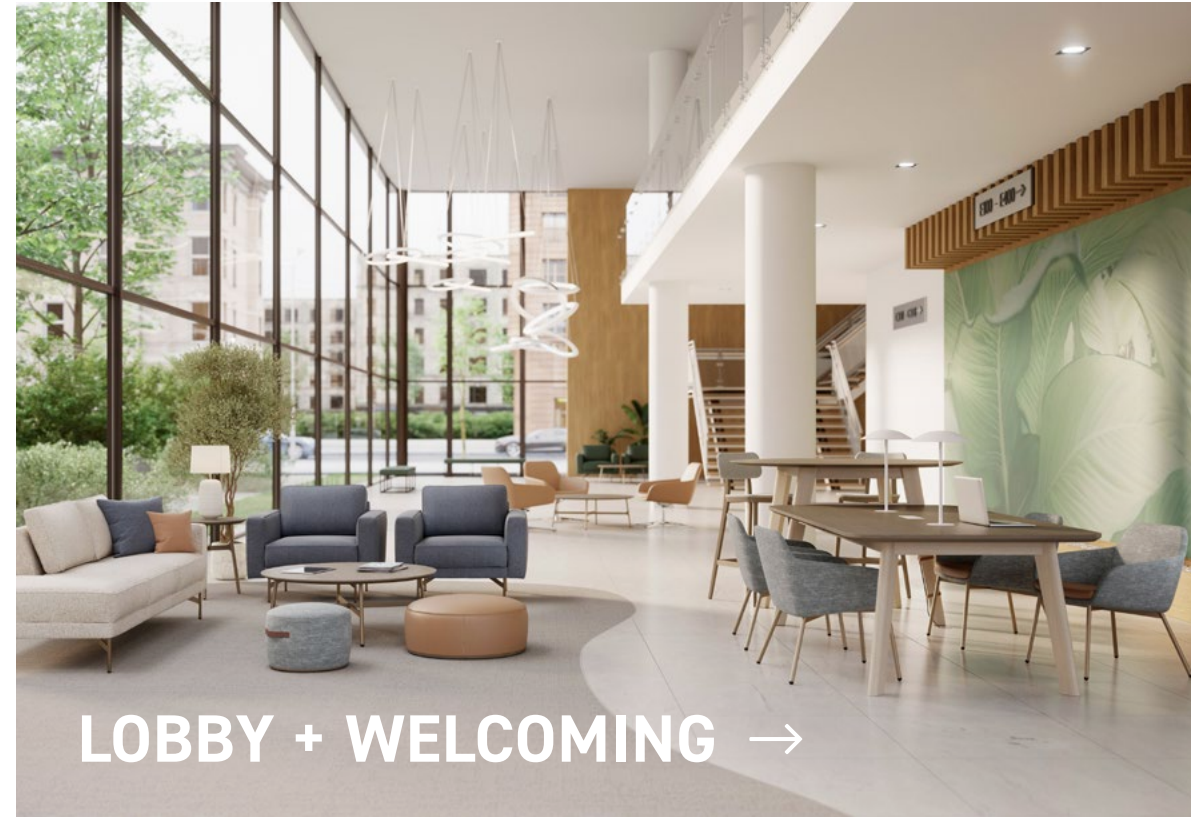

- 1 Kindera Recliner
- 2 BeSpace Casegoods

Community Spaces

We've crafted products that support waiting areas, cafés, and lounges to provide peace and comfort for patients and their families. Blending functionality and adaptability with inviting aesthetics, our furniture creates a welcoming experience, offering visitors a moment of respite that contributes to their overall well-being.

Lobby + Welcoming

Create a welcoming first impression for patients and guests with adaptable lobby spaces and waiting areas that balance comfort, functionality, and aesthetics. Enhance flexibility with modular furniture that allows these areas to accommodate various needs.

40% of patients experience a “longer than reasonable” wait for health care.

Lobby + Welcoming

Traditional

Residential-inspired layouts help ease patient stress while providing comfortable, easily rearranged seating ensures spaces can adapt to evolving needs.

FEATURED PRODUCTS:

- 1 Satisse Guest Seating
- 2 Satisse with Glide Linking Corner Table
- 3 Prost Coffee Table
- 4 Moto Table
- 5 Bourne Seating
- 6 Teekan Lounge

Lobby + Welcoming

Multi-Functional

Multi-functional welcoming spaces respond to diverse needs, offering workspaces for multi-tasking, lounge areas for comfort and privacy, and seating to support a variety of postures.

FEATURED PRODUCTS:

- 1 Arwyn Crossover Lounge
- 2 Reef High Table
- 3 Bourne Stools
- 4 Oxley Bench
- 5 Trail Table
- 6 Totem Pods

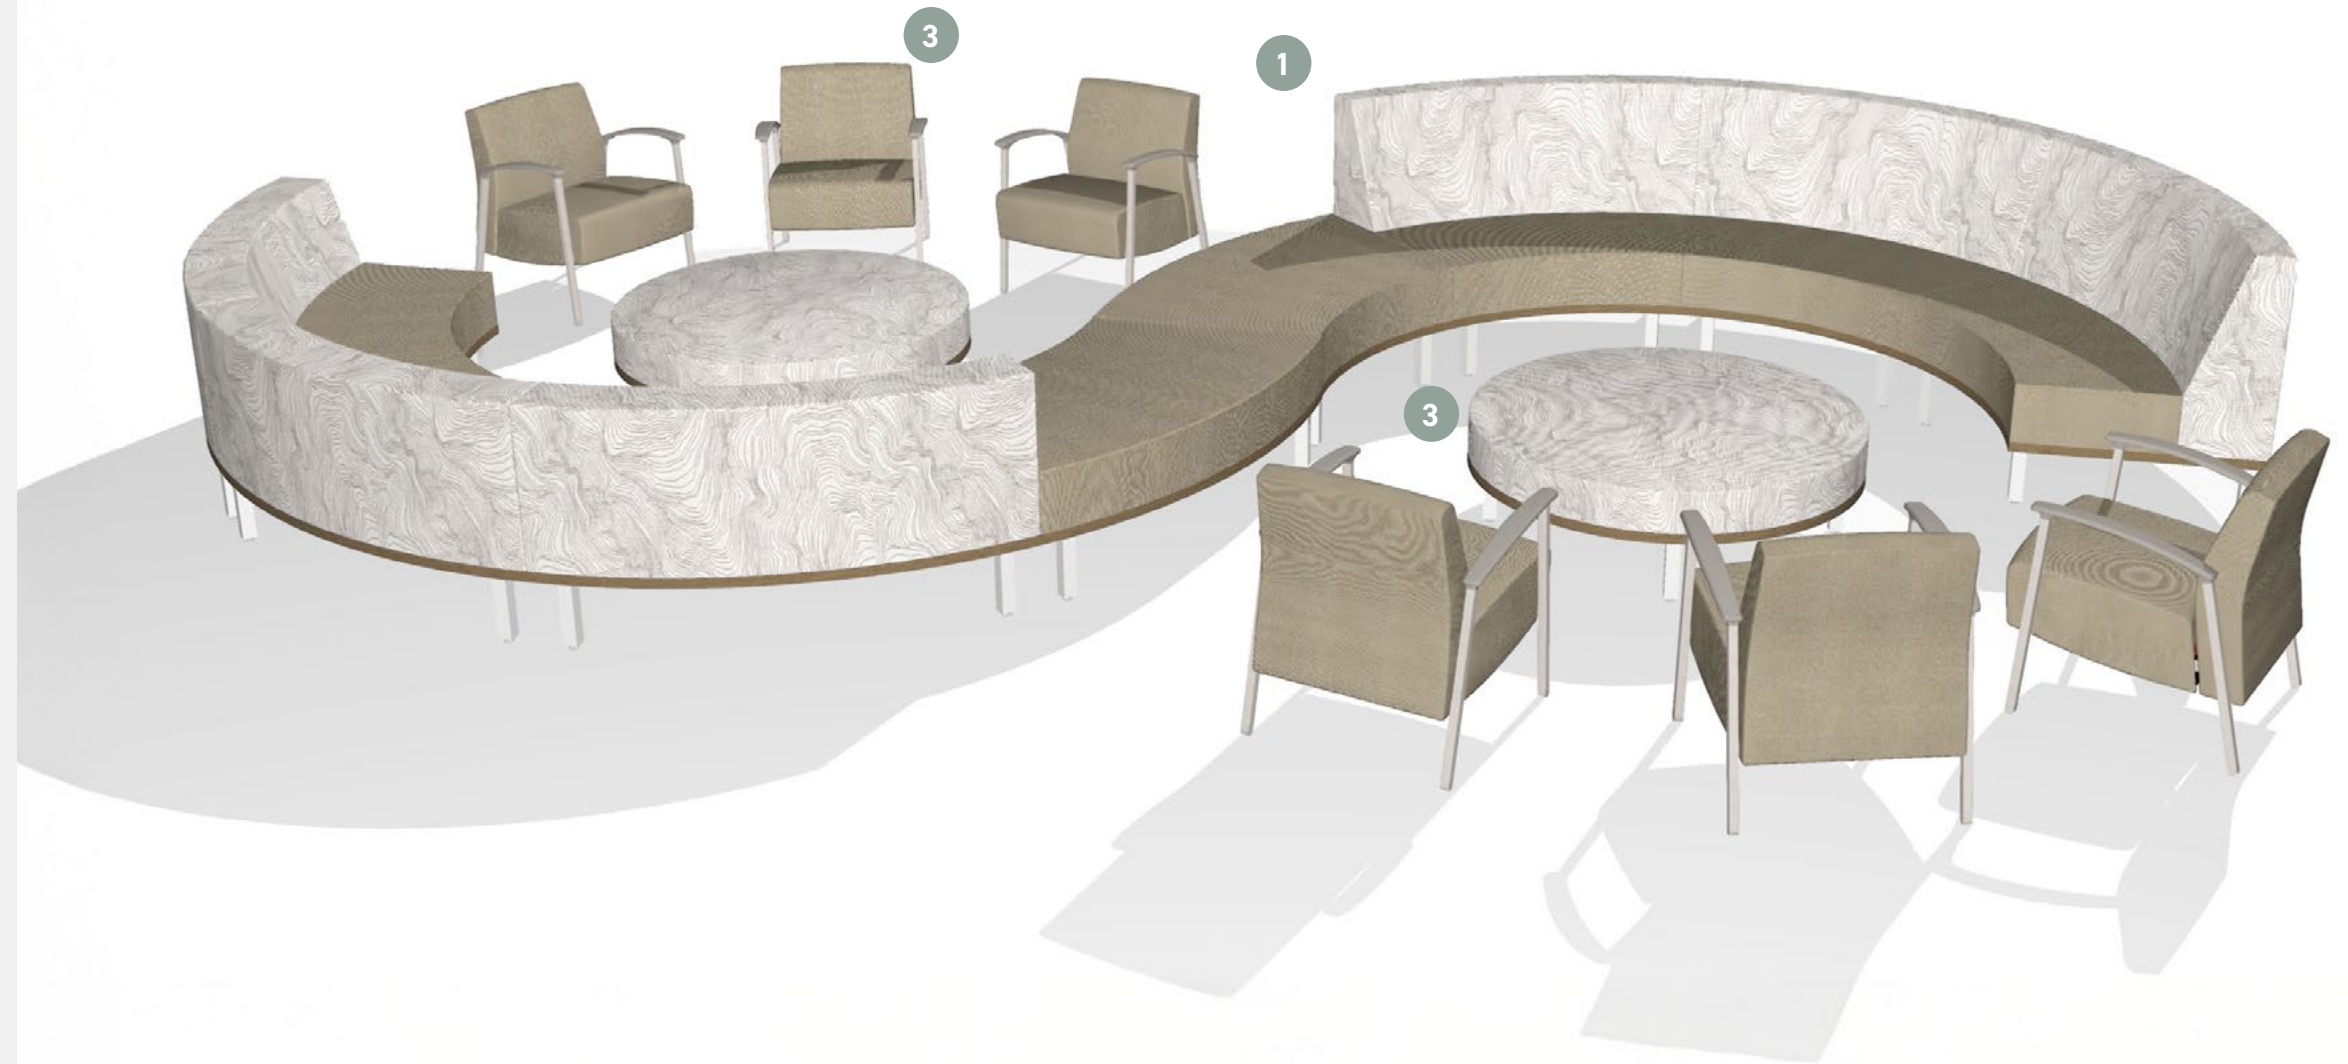

Lobby + Welcoming

Modular

Welcoming areas featuring modular, curvilinear furniture create fluid, adaptable social spaces that enhance comfort and encourage natural interaction.

FEATURED PRODUCTS:

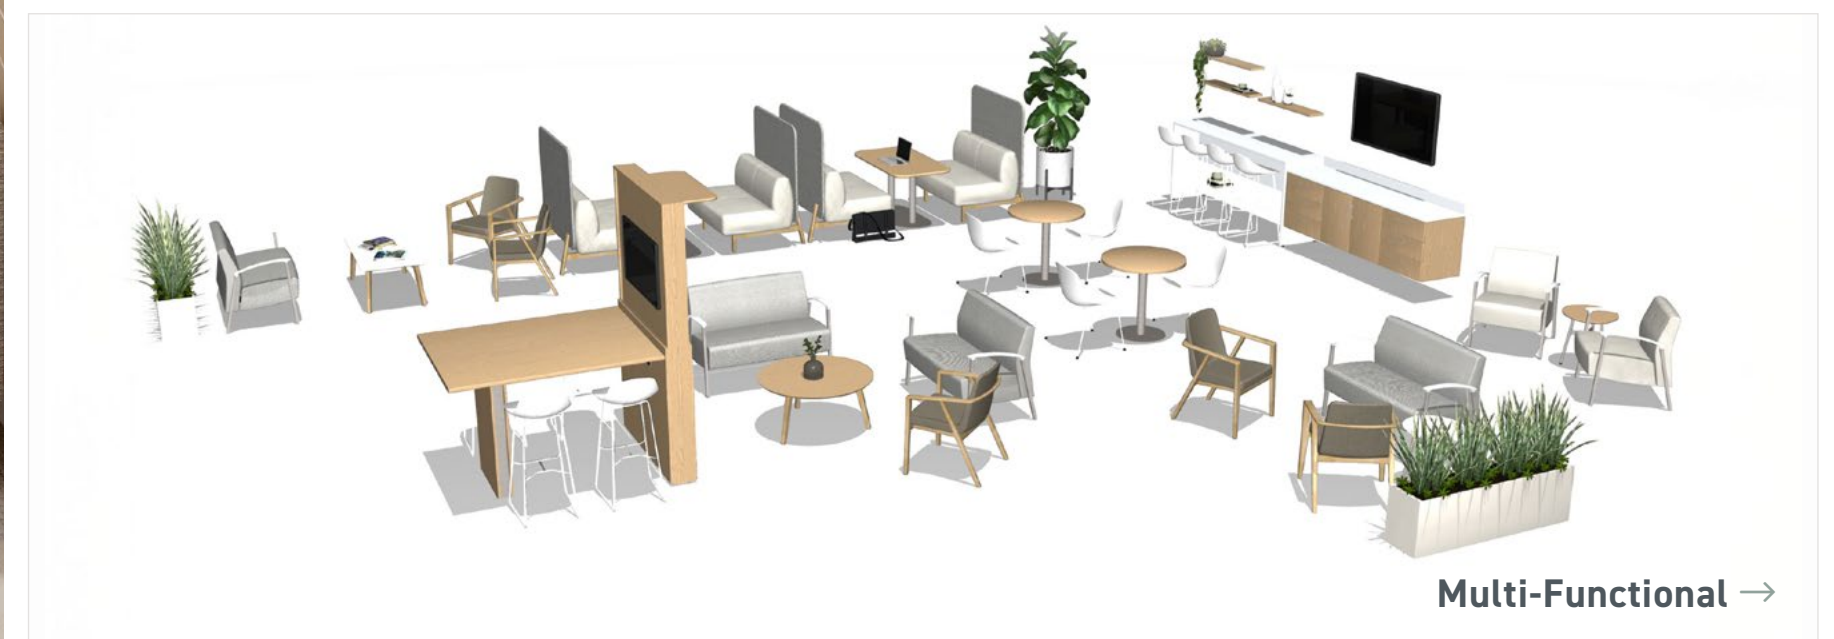

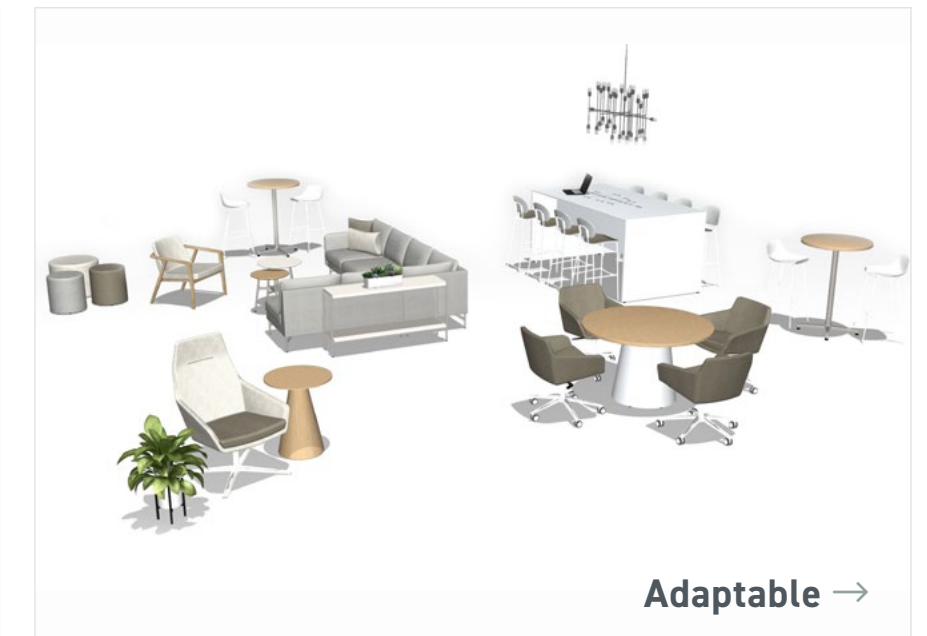

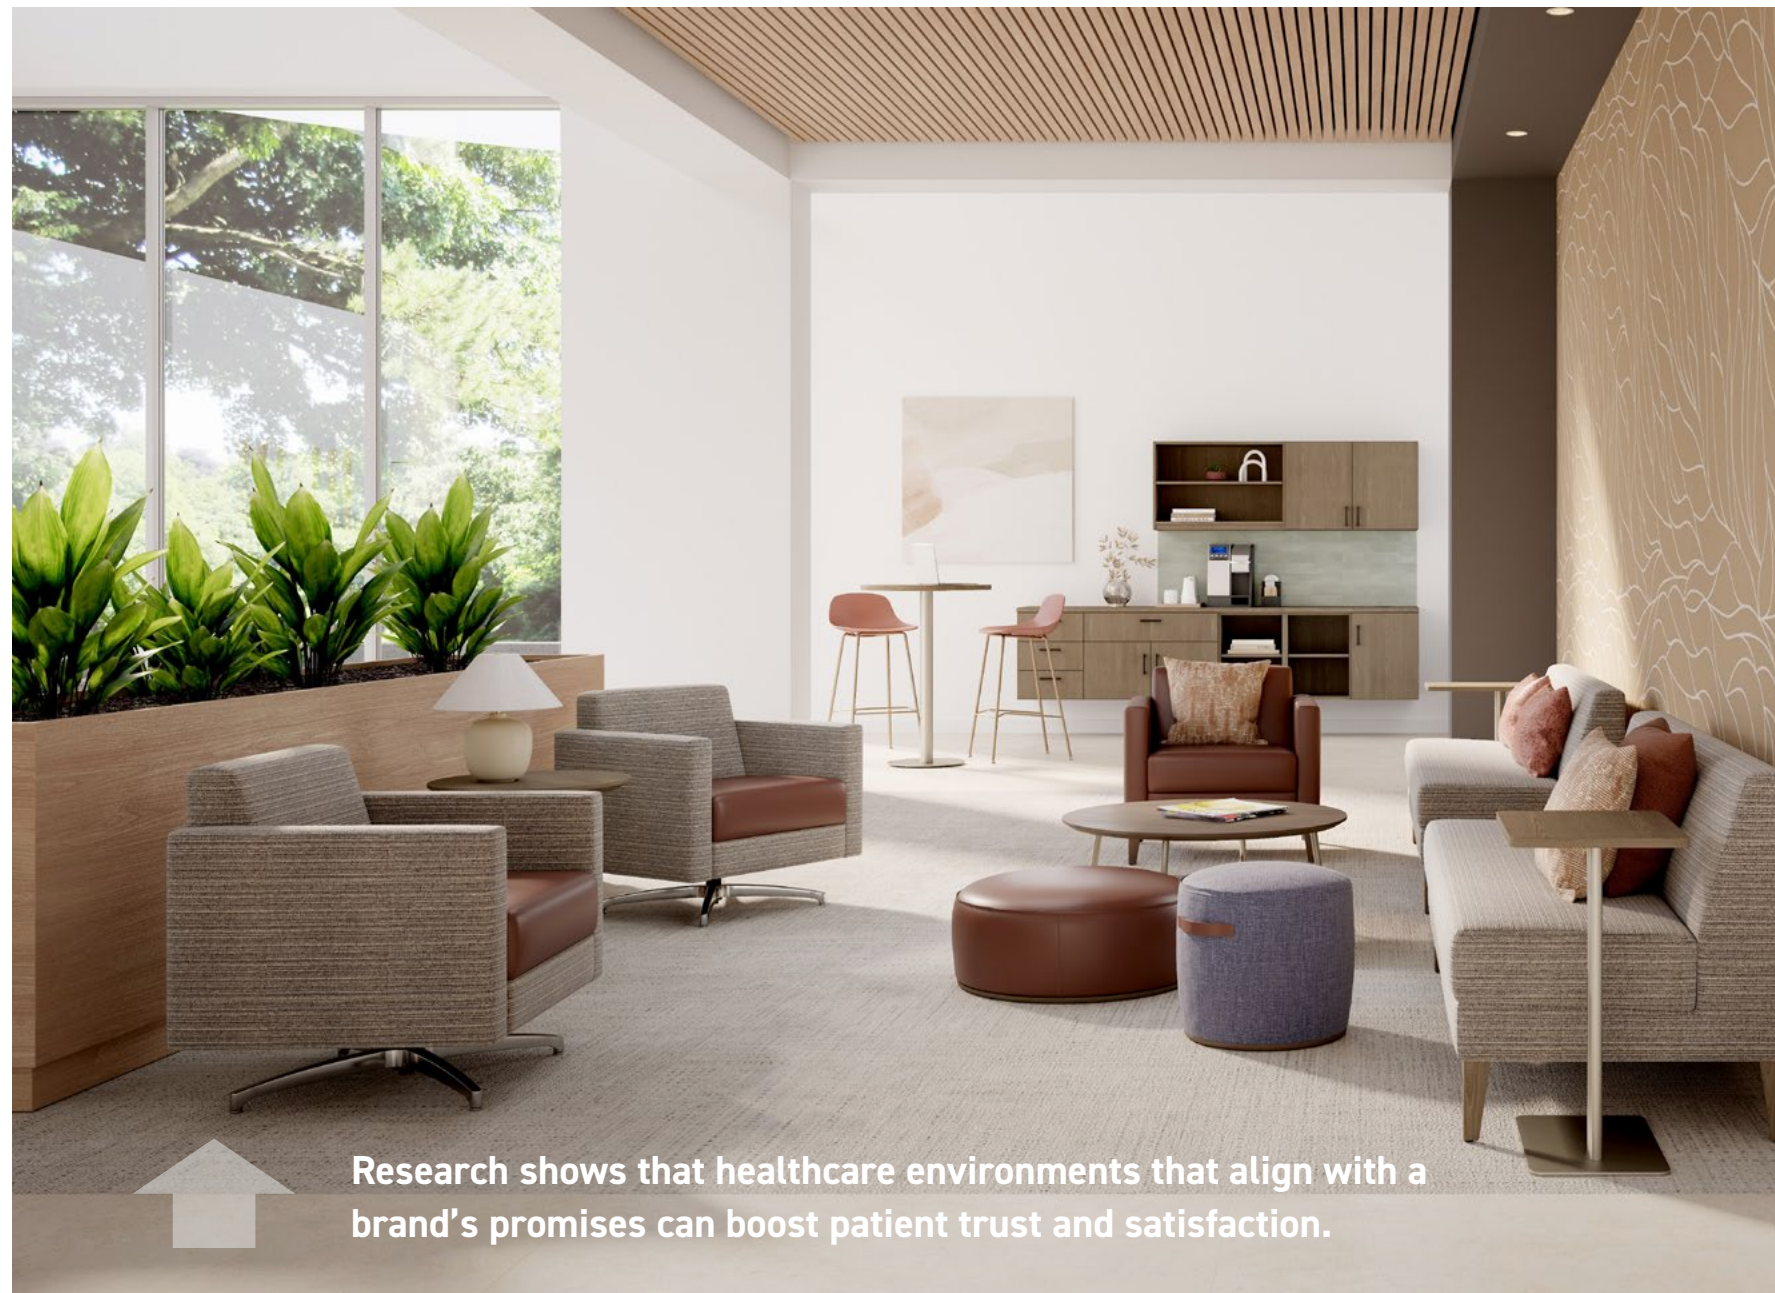

- 1 Connect Curvilinear Lounge
- 2 Connect Tables
- 3 Satisse Lounge

Community Environments

Community environments are spaces for connection, learning, and support. From social gathering spots to resource hubs and family spaces, these adaptable areas improve access to care and enhance the patient, family, and caregiver experience.

Community Environments

Versatile

Versatile community environments prioritize flexible seating arrangements to optimize real estate and accommodate shifting demands.

FEATURED PRODUCTS:

- 1 Satisse Lounge
- 2 Satisse Guest
- 3 Satisse Attached Tables

Community Environments

Adaptable

Adaptable community environments serve a variety of needs by offering diverse seating options and areas for privacy, collaboration, work, and consultation, enhancing the patient experience and access to care.

Centralized →

Nurses Stations

Decentralized

Decentralized stations improve visibility, streamline workflow, and enhance care delivery by bringing caregivers closer to patients, while thoughtful, ergonomic design supports efficiency, well-being, and collaboration.

FEATURED PRODUCTS:

- 1 Forge Casework
- 2 Proxy Sit -To-Stand

Nurses Stations

Workstation

Caregiver workstations should support a range of postures and work styles, offering comfort and ergonomics while fostering seamless collaboration and efficient task management.

FEATURED PRODUCTS:

- 1 Vision Casegoods
- 2 Proxy Sit-to-Stand

Nurses Stations

Centralized

Centralized stations serve as the hub of caregiver activity, providing a cohesive space for team collaboration, communication, and oversight while ensuring efficient access to resources and patient information.

FEATURED PRODUCTS:

- 1 Forge Casework
- 2 Proxy Sit-To-Stand

Private Office

Caregivers constantly shift between patient care and administrative tasks, requiring spaces that support focus and collaboration. Private offices provide a multi-functional environment that minimizes interruptions while enhancing efficiency, well-being, and overall job satisfaction.

92% of employers see lost focus as a major organizational problem.

Private Office

Consultative

Create a multi-functional environment for caregivers and maximize available space. Consultative private offices support focused work, patient and family discussions, and collaborative meetings.

FEATURED PRODUCTS:

- 1 Vision Casegoods
- 2 Proxy Swivel
- 3 Arwyn Lounge
- 4 Teekan Lounge
- 5 Nosh Table

Private Office

Height-Adjustable

Private offices equipped with height-adjustable surfaces allow healthcare professionals to work comfortably in seated or standing positions as they transition between focused tasks, meetings, and consultations.

FEATURED PRODUCTS:

- 1 Vision Casegoods
- 2 Arwyn Lounge
- 3 Garvey R5 Swivel

Private Office

Shared

Shared private offices optimize space while fostering collaboration, providing caregivers a flexible, efficient environment for focused work and team interactions.

FEATURED PRODUCTS:

- 1 Vision Casegoods
- 2 Proxy Swivel
- 3 Anthology Table
- 4 Arwyn Lounge

Nourishment + Respite

Alleviate stress and fatigue for staff by designing respite spaces that support rest, recovery, and rejuvenation—helping them recharge so they can continue providing exceptional care.

Nourishment + Respite

Restorative

Provide caregivers with a quiet, comfortable, and inviting space for solo respite and reflection so they can relax, reset, and regain focus between demanding tasks.

FEATURED PRODUCTS:

- 1 Indie Lounge
- 2 Forge Casework

Nourishment + Respite

On-Call

Designed for comfort and efficiency, on-call spaces support rest, focus, and readiness for caregivers working long shifts, ensuring they stay alert and prepared for immediate patient needs.

FEATURED PRODUCTS:

- 1 Somna Sleep Sofa
- 2 Copilot Table
- 3 Flux Casegoods

Nourishment + Respite

Connection

Create a welcoming space where caregivers can connect, unwind, and enjoy refreshments. Thoughtfully designed for social interaction and relaxation, this environment fosters well-being and camaraderie.
