AN EXQUISITE, ELEGANT AND *unforgettable* HOTEL

AN ELEGANT, UPLIFTING GRAND HOTEL,
INTELLIGENTLY DESIGNED FOR MODERN LIFE

Corinthia London is an elegant retreat in the heart of London, where grandeur and heritage meet exquisite, intelligent design, and where every comfort is considered. Whether you're interested in arts and exhibitions, cultural traditions, gastronomic delights or child-friendly activities, the city offers plenty of opportunity to explore your greatest passions, or even develop a new one.

PENTHOUSE *perfection*

The immaculately restored Victorian façade is home to no less than seven Penthouses. They offer breathtaking views across the city and come with exclusive perks, including a personal butler, car with driver and of course, the discreet satisfaction of residing at one of London's most sought-after addresses.

ROOMS & SUITES

Understanding the importance of guest comfort, our 283 rooms and suites range from 485ft² to 5,000 ft², making them some of London's most spacious accommodations offering picturesque courtyard or historic building views.

RESTAURANTS & BARS

The hotel features three elegant restaurants: Kerridge's Bar & Grill, with Michelin-starred chef Tom Kerridge at the helm, offers British food at its best while The Northall is home to lighter modern European menus from Executive Chef André Garrett. The Garden is our alfresco oasis, offering immersive dining experiences every season.

At the heart of our grand hotel is the Crystal Moon Lounge where our award winning afternoon tea is served.

For a post-work treat or evening digestif, Velvet by Salvatore Calabrese is our luxurious Champagne and cocktail bar. In partnership with world-acclaimed drinks expert, the "Maestro", Velvet is bringing back the theatre to cocktail-making with a menu that celebrates bygone past alongside the innovations of today.

ESPA LIFE AT CORINTHIA *a spa revolution*

The hotel's flagship ESPA Life at Corinthia is London's largest spa and home to an array of well-being experts in fitness, osteopathy and nutrition, as well as Dr. Barbara Sturm, renowned for her non-surgical and anti-ageing treatments. The spa's thermal floor encourages relaxation and features a swimming pool, vitality pool, sauna, steam room and sleep pods. There is also a hair salon by Daniel Galvin and a state-of-the-art gym featuring complimentary personal training sessions by AMP (Athletic Medical Performance).

ESPA Life is proud to introduce its latest partnership with the London Regenerative Institute (LRI). The LRI is led by world-renowned doctors who have designed a unique precision healthcare programme using today's best technology to help detect and preempt diseases and more. Their team of physicians and genomic scientists provide an exceptional level of insight to customise a programme based on your data, so you can be radically proactive about your health and longevity.
