

## Have you heard about our Cunard® Group Program?

Scan here for a digital  
version of this flyer.

The Cunard Group Program — one of our most profitable sales tools for travel advisors — allows you to easily block space and manage reservations for 10 or more guests using POLAR Online. By taking advantage of this lucrative group program, you can maximize commissions while offering attractive benefits to your clients, including exclusive group fare discounts and generous amenity points for special perks and incentives.

### Increase client bookings and enhance agency profits

#### Combinable group fare discounts

In addition to special savings in group categories, Cunard allows nationwide public fares\* to combine with groups. This includes most limited time offers, military benefits, future cruise credits, quarterly cruise sales, goodwill credits and more!

#### Flexible amenity program perks for added value

Block space early to secure the maximum amount of amenity points in exchange for generous perks like onboard credits or a surprise bottle of wine for your clients. Plus, bookings in Grill Suites receive “double the value” on select amenities.

#### Simple tour conductor policy

Cunard awards one Tour Conductor credit for as low as every 12 full-fare lower-berth guests booked which can be used for additional client incentives or enhanced agency earnings.^

Reserve your group space early after new programs are released and assign amenity points immediately to secure the maximum benefits and choices for your clients.

\*Nationwide public fares do not include flash promotions, resident specials and recipient only offers. Please contact Cunard Group Department to determine whether a specific promotion applies.

^Third- and fourth-berth guests are not eligible.
